

Features

- Design with 32 bit ARM Processor
- Support scan QR code, read Mifare, Desfire, NFC card
- Build in LCD, support message notification and show human-computer interaction message
- 4*4 Keypad support Card+PIN or QR code+ PIN function
- Support Online/Offline QR code verification
- Support QR Code, Micro QR Code, Data Matrix, PDF417, Micro PDF417, Maxicode, Aztec, Hanxin, etc
- LED auxiliary lighting to support scan code at night

Parameters

Item		BS737
Support card	QR Code	Y
	Mifare	Y
	Desfire	Y
	NFC	Y
QR code verificate time		< 1 second
Comm method		TCP/IP, RS485
485 Baud Rate		4800~19200 bps. Default is 19200 bps
LCD		4*16
Reader ID		1~8 bps. Default is 1
Buzzer		1
Power Supply		9-30V, 210mA
Operation Environment		-10 ~ 50°C
Dimensions		168x89x36.5mm
Weight		300g
Housing		ABS flame-resistant
Mounting		Wall surface mount

Measurement
